

# HOW TO WEAR LEATHER PANTS

## SPRING TRANSITION

For an easy transition to Spring, pair a cropped (on trend), muted pastel (also on trend) jacket with suede boots. As the weather warms – swap the boots for heels.

## FOR THE OFFICE

To wear the pants to the office (or WFH) pair a neutral body suit with a plaid blazer. Ground the look with a classic pump (or your favorite slippers).

## DATE NIGHT

To wear the pants for date night, pair with a shoulder baring halter top and strappy heel. Add some festive earrings to finish the look.

*Bare your favorite body part – if you rock cleavage choose a V-neck top instead.*
